Portorož 2015

Particle Phenomenology From the Early Universe
to High Energy Colliders

APRIL 7 - 10 2015, PORTOROŽ, SLOVENIA

TOPICS

- Higgs boson and electroweak physics
- top quark physics
- flavour phenomena and CP violation
- neutrino physics
- baryon and lepton number violation
- dark matter and particle dynamics in the early universe

LOCAL ORGANIZING COMMITTEE

- Borut Bajc
- Sveltana Fajfer (chair)
- Jernej F. Kamenik
- Nejc Košnik
- Miha Nemevšek
